Re: Application for Change under Ground Water Certificate No. 177-D(B)

Dear Mr. Harrison:

In response to your request, you are hereby granted an extension to put the water to full beneficial use for the reason(s) below:

According to your request, the irrigation system suffered a failure last spring that kept water from being put to full beneficial use under this authorization. Repairs to the system have been on hold in order to minimize impacts to your business which includes guest at an inn. The repairs are anticipated to be completed by next spring. In review of your request for extension, it appears you have made significant progress in putting the water to beneficial use. Your request is for a reasonable and short period of time. We will grant you an additional year to complete your project and put water to full beneficial use.

The new deadline to submit your *Proof of Appropriation of Water* is **August 1, 2013**.
